## A New Face

**Jennifer Oakley** began at CMH in Summer 2016. She currently attends Johnson County Community College in the Biotechnology program. In her "spare time," Jennifer loves playing the flute in music circles and/or community orchestra, as well as reading.

Jennifer's favorite healthy habit is yoga.

## A Second New Face

**Katie McNany, MD**, joined CMH in August 2016. Katie says she's so excited to be a part of the PHIT team! She loves Kansas City, and was born and raised here. She feels it's great to be back! As far as favorite healthy habits, Katie loves doing anything outdoors, from working in her garden, to going on a long walk, to going to a Royals game. She also loves dancing, especially Zumba or any Latin dance!
